Subject: Hall samples

Hi Kenny and Mike,

I just followed up with Andy at Hall. He wasn't comfortable sending results to me, as EPA isn't the client. If you're comfortable with it, please get in touch with him to let him know it's okay. Timely results are really important to ensuring public health protection, in case follow up is needed.

We also discussed the TC+ source sample on the 13th. Please continue monitoring the source daily and notify us of any other positive results in the source or distribution samples.

Mike, I hope the conference is going well!

Thank you,
Meaghan
